

GARE, ANTICIPI e NOTIZIE N.33/2025

29th May 2025

ARAB REPUBLIC OF EGYPT

The Ministry of Electricity and Renewable Energy

The Ministry of Electricity and Renewable Energy (MoERE) of the Arab Republic of Egypt has received financing from the Agency Française de Développement (AFD) to provide technical assistance in supporting the Implementation of Key Measures toward the Reform of the Energy Sector in Egypt. The objective is to modernize the energy sector and increase the share of renewable energy in the energy mix in line with Integrated Sustainable Energy Strategy (ISES) 2035.

In this context, the MoERE aims to improve the performance of distribution companies and establish incentivized regulatory frameworks as well as plan for the distribution grid In Egypt.

Accordingly, two (2) separate projects are being announced separately for bidding:

- 1- Performance of distribution companies and incentivized regulations
- 2- Network Planning and Optimization for Distributed Energy Systems in EEHC Distribution Networks

MOERE of the Arab Republic of Egypt hereby invites consulting firms to submit their Expressions of Interest for one or both of the above consultancy service projects. Each Applicant is required to submit a separate Expression of Interest Application for each project. The details of the requirements and guidelines for the Application can be found in the REOI on the following websites:

MOERE: <http://www.moe.gov.eg/english.new/home.aspx>

Egyptian Electricity Holding Company (EEHC) <http://www.eehc.gov.eg/eehcportal/>
